Introduction to CSUN University-Based Practica

The Purpose of University-Based Practica

The Master of Science in Applied Behavior Analysis (MS-ABA) program at California State University, Northridge (CSUN) is approved, by Behavior Analyst Certification Board (BACB®), to offer a university-based practica. The purpose of the CSUN University-Based Practica is to offer MS-ABA students supervision from CSUN MS-ABA faculty in a variety of high quality in-vivo experiences during which students apply the skills acquired in their educational course-work.

Goals of University-Based Practica

To complete University-Based Practica, students are expected to meet the following minimum competencies (see the CSUN Structured Supervision Folder for a detailed task analysis for each competency) in their 2-year graduate program

I. Use the professional and ethical guidelines with colleagues and clients
II. Develop and use behavior measurement methods and record and analyze data
III. Conduct behavior measurement methods and record and analyze data
IV. Develop evidence-based intervention plans based on assessment results and baseline data
V. Design and implement skill acquisition procedures based on initial assessment (e.g., implement a language acquisition program based on VB-MAPP results)
VI. Design and implement behavior reduction procedures
VII. Program and probe for generalization and maintenance
VIII. Conduct ongoing assessment of interventions
IX. Train another individual to conduct a procedure
X. Develop and present a training module to individuals who are not familiar with behavior analysis

Evaluation of Interns

Practica grades are competency-based regardless of the practica option. Although students are advised to adhere to BACB® requirements for accruing their supervised experience hours, they are not evaluated based on their internship hours. Instead, students’ grades are based on their participation, clinical professionalism (assessed on the supervision evaluation forms), and their achievements on the competencies

Students' Practica Options and Eligibility Criteria

As a graduate student, in the MS-ABA program, you are eligible to apply for University-Based Practica (options shown below) to obtain supervision (see www.bacb.com under categories of supervised experience). The following practica options, a professional requirement of the program, are offered by the CSUN MS-ABA graduate program at this time. Students enroll in Practica for each semester of the two year program.

BACB® Requirements

As a BACB® university approved Practicum Site all of the CSUN Practica Options must adhere to the following BACB® guidelines (see.bacb.com).
Distribution of Hours for Option I & II is as follows:

1. Students must complete 1,000 hours of University-Based Practica
2. No fewer than 10 hrs/week but no more than 30 hrs/week.
3. All approved university experience must be completed for graduate academic credit with a passing grade (i.e., XBEH 903).
4. Students must be supervised at least weekly for 10% (7.5% minimum) of the total hours they spend in University Practicum. Total supervision must be at least 100 hours (75 minimum), and the supervisory period is one week.

Distribution of Hours for Option III is as follows:

1. Students must complete 1,500 hours of Supervised Independent Fieldwork for Option III Off-Site Practica
2. No fewer than 10 hrs/week but no more than 30 hrs/week.
3. All approved university experience must be completed for graduate academic credit with a passing grade (i.e., XBEH 903).
4. Students must be supervised at least weekly for 5% of the total hours they spend in University Practicum. Total supervision must be at least 75 hours, and the supervisory period is bi-weekly.

Individuals pursuing certification at the BCBA level must complete the supervision registration process with the BACB® by taking an online competency-based training module on BACB® experience hours prior to onset of experience.

Supervisees may accrue experience in only one supervision experience category at a time. The BACB® defines “Combing Experience Categories” in the following way:

- Supervisees may elect to accrue hours in a single category or may combine any 2 or 3 of the categories listed, Supervised Independent Fieldwork, Practicum, Intensive Practicum, to meet the experience requirement, with Practicum having 1 ½ times the temporal value of Supervised Independent Fieldwork, and Intensive Practicum having 2 times the temporal value of Supervised Independent Fieldwork.

I. University-Based Practica with Research Faculty

This practica option provides direct supervision by MS-ABA Research Faculty. These positions are competitive and students must apply and be selected by the research faculty members. Meeting times and supervised experience vary based on the research laboratory (specific information provided by each research faculty in their syllabi and supervision contract). Each intern’s performance is evaluated by tenure-track faculty. Below, is a list of our three tenure-track faculty members conducting clinical work and behavior analytic research:

A. Faculty member: Dr. Debra Berry-Malmberg

Website: www.csun.edu/wellbeing/centers/csun-autism-center/

Setting: Autism Clinic at CSUN
**Clients:** Young children with Autism Spectrum Disorders and their caregivers.

B. **Faculty member:** Dr. Tara Fahmie  
Website: www.csun.edu/~tfahmie/  
*Research & Clinical Interests:* Dr. Fahmie's research interests include the assessment, prevention, and treatment of behavior disorders in children and adults with disabilities (intellectual, developmental, physical). In addition, Dr. Fahmie conducts research to enhance the efficacy and efficiency of skill (social, academic, self-care, etc.) acquisition programs. Most of Dr. Fahmie's research is conducted in a clinical context and the results of her research are used to help inform teachers, parents, and caregivers, and ultimately, to improve the independent functioning of individuals with special needs.  
*Setting:* Ventura County Office of Education Schools  
*Clients:* Individuals (ages 3-8) with disabilities who engage in problem behaviors or who have skill deficits; parents, teachers, and caregivers of individuals with disabilities.

C. **Faculty member:** Dr. Ellie Kazemi  
Website: www.csun.edu/~klab/  
*Research & Clinical Interests:* Dr. Kazemi's research interests involve methodological and conceptual issues in applied behavior analysis. Currently, she conducts research with a humanoid robot that simulates a client. She hopes to contribute to the literature in education, training, and supervision of staff and caregivers who implement behavior plans.  
*Setting:* Training & Supervision Laboratory at CSUN and off-site with Community Research Partners.  
*Clients:* In this lab, students conduct translational research. To accrue supervised experience hours, students are required to select the off-site practica option in addition to their work in lab. Therefore, this lab is only appropriate for MS-ABA students interested in pursuing doctoral training in ABA.

**II. University-Based Off-site Practica**

A. Students work directly at one of the CSUN-approved internship sites under the direct supervision of a CSUN-approved site supervisor.  
1. CSUN-approved internship sites are local ABA service providers who obtain formal CSUN Internship Site approval as well as Site- Supervisor approval status. The approval process is initiated by the local agency or a current MS-ABA student. Applications are reviewed and approved/denied by the MS-ABA review committee.

B. **Guidelines for Field Supervisors**  
1. Purpose of Field Supervision (the majority of which is in-person, onsite observation) is to improve and maintain the behavior analytic, professional, and ethical repertoires of the supervisee, and facilitate the delivery of high-quality services to his/her clients.  
2. According to BACB®, effective behavior-analytic supervision should include:  
   A. Develop performance goals with supervisee
B. Provide supervisee with opportunities to perform listed competences (Note* it is likely that some competences will not be met).
C. Observe the supervisee in the field and use performance feedback to give corrective feedback
D. Use Behavior Skills Training to teach and improve supervisee’s skills
E. Model technical, professional, and ethical behavior
F. Guide and give feedback on behavioral case conceptualization, problem-solving, program development, and decision-making repertoires
G. Review data and written materials (e.g., behavior programs, data sheets, reports)
H. Monitor and evaluate the effects of behavioral service delivery
I. Conduct weekly evaluation of supervisee’s performance and effects of supervision

C. Practicum Instructor Responsibility
   1. The purpose of practicum is to improve behavior analytic, professional, and ethical repertoires of the supervisee, and monitor supervisee’s performance in the field. Practicum Instructor’s will also provide the following with their supervisee:
      A. Execute a written contract prior to onset of experience
      B. Develop performance goals with supervisees
      C. Use Behavior Skills Training to teach and improve supervisees’ skills in group setting
      D. Model technical, professional, and ethical behavior
      E. Guide and give feedback on behavioral case conceptualization, problem-solving, program development, and decision-making repertoires in group setting
      F. Review data and written materials and provide specific feedback
      G. Meet with field supervisors to conduct monthly evaluation of supervisee’s experience, performance, and effects of supervision
      H. Observe supervisee in-field a minimum of once each semester
      I. Provide specific feedback to supervisee on performance in group supervision

III. Off-site Practica (Independent Fieldwork Model)

A. Students must work at one of the CSUN-approved internship sites under the direct supervision of a site supervisor who is a BACB® approved supervisor.
   1. For this practica option, it is the intern's responsibility to seek and secure a qualified site-supervisor (see www.bacb.com).
   2. CSUN-approved internship sites are local ABA service providers who obtain formal CSUN Internship Site approval. The approval process is initiated by the local agency or a current MS-ABA student. Applications are reviewed and approved/denied by the MS-ABA review committee.

B. Guidelines for Field Supervisors
   1. Purpose of Field Supervision (the majority of which is in-person, onsite observation) is to improve and maintain the behavior analytic, professional, and ethical repertoires of the supervisee, and facilitate the delivery of high-quality services to his/her clients.
   2. According to BACB®, effective behavior-analytic supervision should include:
      A. Develop performance goals with supervisee
B. Provide supervisee with opportunities to perform listed competences (Note* it is likely that some competences will not be met).
C. Observe the supervisee in the field and use performance feedback to give corrective feedback
D. Use Behavior Skills Training to teach and improve supervisee’s skills
E. Model technical, professional, and ethical behavior
F. Guide and give feedback on behavioral case conceptualization, problem-solving, program development, and decision-making repertoires
G. Review data and written materials (e.g., behavior programs, data sheets, reports)
H. Monitor and evaluate the effects of behavioral service delivery
I. Conduct bi-weekly evaluation of supervisee’s performance and effects of supervision

C. Practicum Instructor Responsibility
   1. The purpose of practicum is to improve behavior analytic, professional, and ethical repertoires of the supervisee, and monitor supervisee’s performance in the field. Practicum Instructor’s will also provide the following with their supervisee:
      A. Execute a written contract prior to onset of experience
      B. Develop performance goals with supervisees
      C. Use Behavior Skills Training to teach and improve supervisees’ skills in group setting
      D. Model technical, professional, and ethical behavior
      E. Guide and give feedback on behavioral case conceptualization, problem-solving, program development, and decision-making repertoires in group setting
      F. Review data and written materials and provide specific feedback
      G. Provide supervisee with individual supervision a minimum of once each semester
      H. Provide specific feedback to supervisee on performance in group supervision

To be eligible for CSUN-approved University-Based Practica experience, the student must meet the following criteria.

1. Be in good academic standing (i.e., a 3.0 or above cumulative GPA).
2. Submit "MS-ABA Internship Application & Agreement" by specified deadlines.
3. Interview for the on-site or off-site position(s).
4. Be matched or selected for the University-Based Practica experience.
5. Enroll in 3-CE units of the XBEH 903 Practicum Course each semester. Estimated cost for practica each semester is $1,380.
Internship Learning Plan*- Filled out by Student in Practica

Learning Objectives: To meet the supervision competencies outlined by the CSUN MS-ABA Program in the Structured Supervision Folder (which are based on the BACB®'s latest edition of the Task List) and to accrue supervised experience hours to become eligible to sit for the Board Certification Exam.

1. I will devote __________ hours (based on the off-site internship options) per week, commit at least 1 academic year to the Internship Site (or follow the guidelines laid out by the Internship Site), and agree to complete all paperwork required by the MS-ABA Academic Director, the CSUN Practicum Supervisor, the approved Site Supervisor and Internship Site as part of this internship.

2. I will use the CSUN Structured Supervision Folder to meet the competencies listed.

3. I understand and acknowledge that there are potential risks (for which CSUN is absolved of responsibility) associated with my selected internship, some of which may arise from (a) my assigned tasks and responsibilities, (b) the location of the Internship Site, (c) the physical characteristics of the Internship Site, (d) the amount and type of criminal activity or hazardous materials at or near the location of the Internship Site, (e) any travel associated with the internship, (f) the time of day when I will be present at the Internship Site, and (g) the criminal, mental, behavioral, and social backgrounds of the individuals I will be working with or serving. I further understand and acknowledge that my safety and well-being are primarily dependent upon my acting responsibly to protect myself from personal injury, bodily injury, or property damage.

4. I agree to act in a responsible manner while representing the MS-ABA Program at CSUN at the Internship Site and abide by all the rules and regulations that govern the site in which I am interning.

5. I understand the connection between the course (i.e., XBEH practicum course) and the learning objectives to be fulfilled at the Internship Site.

MS-ABA Internship Student Agreement

Please read the following statements carefully and sign at the bottom of the page:

A. I hereby certify that the statements contained in this completed MS-ABA Student Internship Application Form & Learning Plan are true and correct. I agree that and understand that any misrepresentation or omission of any material facts on my part may be cause for delay in internship evaluation, separation from the internship, and/or can initiate immediate review by the MS-ABA Academic Director or the CSUN Practicum Supervisor.

B. I am responsible for meeting all the requirements agreed upon with my Site Supervisor and CSUN Practicum Supervisor.

C. I hereby give permission to the CSUN MS-ABA Program, the MS-ABA Academic Director, the CSUN Practicum Supervisor, and any of the approved Site Supervisors and Internship Sites to verify any and all information contained within this application. This can include contacting former employers, clinical internship/practicum sites, and/or reviewing graduate school records, etc.
   • Please be advised that if any information should come to our attention that can affect your professional student status and/or internship role, and thus the internship experience, the program shall be authorized to assess and discuss the significant information with the appropriate parties.

D. I understand that any information contained in this Student Internship Application & Learning Plan and/or any pertinent information relating to my professional student role can be discussed between the MS-ABA Academic Director, the CSUN Practicum Supervisor, and the approved Site Supervisors and Internship Sites.

E. I understand that most Internship Sites request security background investigations, fingerprint checks, random drug screens, physical examinations, TB tests, immunization verification, and a valid Driver’s License, etc. as requirements for their placement interview process and for Internship Site confirmation. Internship Sites may also require random drug screening(s) at any time during the year. If you are an International student, please consult with the CSUN Office of International Students and the MS-ABA Coordinator for further assistance.

1. I am willing to participate in these additional screenings/evaluations and give permission for any results that affect my internship status to be provided to the MS-ABA Academic Director and CSUN Practicum Supervisor. I also understand that if I fail these screenings, I will not be confirmed at the specified Internship Site, can become ineligible for school-based internships, and therefore not interviewed for an internship for an entire academic year. I also understand that if I fail a screening during the year, I will be removed from the internship site and not able to interview for another internship for the remainder of the academic year. The MS-ABA Academic Director or CSUN Practicum Supervisor will review my case to determine whether I am eligible to continue the program, and if so, the timeline for returning to the internship site. In addition, I understand that engaging in activities that result in severing my relationship with the intern site can result in a failing grade in my practicum course. I understand that my grade in the practicum course is contingent on my successful completion of the internship competencies in the internship practicum.
F. I understand that I may be financially responsible to pay for clearances, health screenings, and trainings (e.g., CPR) if the Internship Site does not cover the cost.

G. At all times, I shall maintain professional conduct in accordance with the school’s academic standards, the BACB® Code of Ethics, professional work values, and laws regulating behavioral health providers.

H. I understand that I am responsible to seek, interview, and secure an Internship Site. I am aware that as an intern at a CSUN-approved Internship Site, I am required to enroll in 3-CE units of XBEH 903 each semester and adhere to the practicum course syllabus.

   1. I understand my site supervisor evaluates me on a weekly or bi-weekly basis dependent on my practicum option. My evaluations include direct observations of my professional conduct (e.g., on time and consistent attendance to meetings or appointments), in-vivo performance assessments, and rating scales (see Evaluation of Student Intern form and Sample Performance Assessment form). I understand my grade in my practicum course is highly influenced by these evaluations (see XBEH 903 course syllabus).

I. I understand that I am opting to obtain my experience hours through a University-Based Practicum (see www.bacb.com) or independent fieldwork. To become eligible to sit for the BACB® examination, a minimum of 1,000 hours of experience is required for Options I and II and 1,500 hours is required for Option III; therefore, I acknowledge that my internship hours, depending on my hours of commitment and duration of services, may not be sufficient for me to fulfill all 1,000 hours. I recognize that it is my responsibility to keep track of my hours and ensure those hours are sufficient to sit for the BACB® examination.

J. If the situation arises and I need to terminate the internship before fulfilling my internship commitment, I shall terminate in an appropriate, professional manner as designated by the school and assigned Internship Site and provide written and verbal notice as required by the MS-ABA Academic Director, the CSUN Practicum Supervisor, and the Internship Site (e.g., provide at least 30 days’ notice). Steps to follow prior to terminating:

   1. Communicate with CSUN Practicum Supervisor, verbally and in written format, about the specific concerns/situations
      i. Be prepared to talk with the internship site and your site supervisor regarding your concerns as recommended by the BACB® code of ethics.
   2. Meet with MS-ABA Academic Director and your Practicum Supervisor if Step 1 did not result in a resolution.

I understand that any such termination will be done only with the written approval of the MS-ABA Academic Director, the CSUN Practicum Supervisor, and the Internship Site. If I terminate prematurely, I am aware that I may not be accepted in the same internship setting; I may need to reapply for internship and disclose my premature discontinuation or termination during the interview process of the new internship in order to participate in the university-based practicum to accrue my experience hours.

K. I shall fulfill the responsibilities of the student intern role and be in compliance with all policies and procedures as outlined in the Student Internship Application and Contract.
I have reviewed and understand the MS-ABA Student Internship Agreement which specifies my role as an intern and I agree to comply with all of the above. If I am not in compliance with the school’s policies and procedures, I understand that I can be considered ineligible to participate in the university-based practicum to accrue my experience hours.

Student Internship Guidelines**

The student agrees to abide by the following Guidelines and Limitations:

GUIDELINES:

• Ask for help when in doubt: Your site supervisor understands the issues at your site and you are encouraged to approach him/her with problems or questions as they arise. He/she can assist you in determining the best way to respond to difficult or uncomfortable situations. Feel free to contact your CSUN Practicum Supervisor with questions concerning your placement.

• Be punctual and responsible: Although you are volunteering your time, you are participating in the organization as a reliable, trustworthy, and contributing member of the team. Both the administrators and the person whom you serve rely on your punctuality and commitment to completing your service hours/project throughout your partnership.

• Call if you anticipate lateness or absence: Call the site supervisor if you are unable to come in or if you anticipate being late. Be mindful of your commitment; people are counting on you.

• Respect the privacy of all clients: If you are privy to confidential information with regard to the persons with whom you are working (i.e. organizational files, diagnostics, personal stories, etc.), it is vital that you treat it as privileged information. Whenever you are referring to your clients or information that could identify the client, supervisor, or colleagues, in class or outside class, you should use pseudonyms.

• Show respect for the partnership organization you work for: Placement within community programs is an educational opportunity and a privilege. Keep in mind, not only are you serving the community, the community is serving you by investing valuable resources in your learning.

• Be appropriate: You are in a work situation and are expected to treat your supervisor and others with courtesy and kindness. Dress comfortably, neatly, and appropriately. Use formal names unless instructed otherwise. Set a positive standard for other students to follow as part of CSU’s ongoing internship programs.

• Be flexible: The level or intensity of activity at a service site is not always predictable. Your flexibility to changing situations can assist the partnership in working smoothly and producing a positive outcome for everyone involved.

MAXIMIZE THE EXPERIENCE:

DO participate in orientation for your internship experience.

DO make sure you know who to contact at the site and at the university in case of an emergency.

DO make sure you know how to exit your service site in case of an emergency.

DO ask for help from your supervisor or another staff member at your service site when in doubt.
DO call your site supervisor if you know you will be late or not able to come in at all.

DO show respect for your service site, its staff, and its clients.

DO be aware that you are representing your university.

DO know that if you are having trouble at your service site, you can talk with your faculty member about it.

DO sign-in at your service site every time you are there, and record your service hours on your student service log. This will ensure you receive credit for the hours you have served.

DO know that you can request an alternative service site if you are not comfortable with your current site.

**LIMITATIONS:**

DON'T report to your service site under the influence of drugs or alcohol.

DON'T give or loan a client money or other personal belongings.

DON'T make promises or commitments you cannot keep to a client.

DON'T give a client or agency representative a ride in a personal vehicle.

DON'T tolerate verbal exchange or engage in behavior that might be perceived as discriminating against an individual on the basis of his/her age, race, gender, sexual orientation, ability, or ethnicity.

DON'T tolerate verbal exchange of a sexual nature or engage in behavior that might be perceived as sexual with a client or community organization representative.

DON'T engage in any type of business with clients during the term of your service.

DON'T enter into personal relationships with a client or community partner representative during the term of your service.

**TRANSPORTATION:**

Student understands and agrees that transportation to and from the internship site shall be the sole responsibility of each participating student. Neither the University nor the Internship site shall assume responsibility or liability for student transportation.

If you feel that your rights have been or may be violated, or that any of the above-stated limitations have been violated, please contact the CSUN Practicum Supervisor and/or the MS-ABA Academic Director.

_I have reviewed and understand the Student Internship Guidelines and I agree to comply with all of the above. If I am not in compliance with the school’s policies and procedures, I understand that I can be considered ineligible to participate in the university-based practicum to accrue my experience hours._

Waiver of Liability and Hold Harmless Agreement**- Student fill out

I, the undersigned participant, am requesting participation in the CSU, Northridge,

Name of department and College: Applied Behavior Analysis Graduate Program with the College of Social and Behavioral Sciences, Department of Psychology

Activity: Practica Experience

that begins on: ________________ and ends on: ________________

In consideration for being allowed to participate in this Activity, on behalf of myself and my next of kin, heirs and representatives, I release from all liability and promise not to sue the State of California; the Trustees of The California State University; California State University, Northridge and their employees, officers, directors, volunteers and agents (collectively “University”) from any and all claims, including claims of the University’s negligence, resulting in any physical or psychological injury (including paralysis and death), illness, damages, or economic or emotional loss I may suffer because of my participation in this Activity, including travel to, from and during the Activity.

I am voluntarily participating in this Activity. I am aware of the risks associated with traveling to/from and participating in this Activity, which include but are not limited to physical or psychological injury, pain, suffering, illness, disfigurement, temporary or permanent disability (including paralysis), economic or emotional loss, and/or death. I understand that these injuries or outcomes may arise from my own or other’s actions, inaction, or negligence; conditions related to travel; or the condition of the Activity location(s). Nonetheless, I assume all related risks, both known or unknown to me, of my participation in this Activity, including travel to, from and during the Activity.

I agree to hold the University harmless from any and all claims, including attorney’s fees or damage to my personal property that may occur as a result of my participation in this Activity, including travel to, from and during the Activity. If the University incurs any of these types of expenses, I agree to reimburse the University. If I need medical treatment, I agree to be financially responsible for any costs incurred as a result of such treatment. I am aware and understand that I should carry my own health insurance.

I am 18 years or older. I understand the legal consequences of signing this document, including (a) releasing the University from all liability, (b) promising not to sue the University, (c) and assuming all risks of participating in this Activity, including travel to, from and during the Activity.

I understand that this document is written to be as broad and inclusive as legally permitted by the State of California. I agree that if any portion is held invalid or unenforceable, I will continue to be bound by the remaining terms.

I have read this document, and I am signing it freely. No other representations concerning the legal effect of this document have been made to me.

CSUN Master of Science in Applied Behavior Analysis (MS-ABA) Program
Internship Site & Supervisor Application Information

Thank you for your interest in becoming a CSUN Approved Internship Site and/or Supervisor offering MS-ABA students internship opportunities. As an approved BACB® program, we are obligated to document that students accruing experience at a CSUN University-Based Practica receive supervision in accordance with BACB® Code of Conduct (see www.bacb.com). You will receive a letter regarding the approval/denial of your application. Below we have provided some detailed information regarding site/supervisor applications and the review process.

1. All submissions for consideration for the Fall cohort must be received by the deadline posted on www.csun.edu/bcba through electronic submission to csunbcba.info@csun.edu. Once submissions are received by our MS-ABA review committee, they will review and provide feedback and final decisions in about 60 days. You will receive a letter regarding the approval/denial of your application from the MS-ABA review committee.
   a. We will only review sites/supervisors for each incoming Fall cohort during the Summer prior to their start. If there are special circumstances requiring reviews at other times, those will be approved by the MS-ABA review committee.

2. MS-ABA Committee Review Process – Below is information regarding the general review process:
   a. Applications are received and reviewed for completeness
   b. Applications are sent to MS-ABA review committee
   c. Reviewed applications are sent to the MS-ABA Academic Director for final approval
   d. Letters are sent to applicants with decision
   e. A specific review process for site and/or supervisor application is below. This is not an exhaustive list but provides a general guideline:
      i. Site Application Review Process:
         1. Look at site website and review for:
            a. Evidence-Based Treatments advertised
            b. Testimonials from clients; Are they ONLY from clients for whom you no longer provide services?
            c. Does your website & job description use correct behavior analytic terminology? For example “Applied Behavior Analysis” is incorrect; the name of the discipline is “Behavior Analysis”.
         2. Look at the application to see if fully complete
            a. Specifically ‘Self-Assessment and Acknowledgement of Risk’ and that items indicated as “no” offer further explanations.
               i. e.g., if you provide training like crisis management or explain how you mitigate harm to personnel and interns
         3. Look at mission statement and website to show evidence that your agency or organization uses only scientifically proven interventions.

      ii. Supervisor Application Review Process:
         1. Completed application which includes the following:
a. Supervisor Application form
b. Cover Letter stating interest in supervising CSUN interns and offering structured supervision
c. Curriculum Vitae detailing clinical experience and experience with supervision
d. De-identified sample of a written Functional Behavior Assessment and Intervention Plan
e. De-identified Permanent Product that reflects feedback given to supervisees

2. Minimum of one year of clinical experience

3. Meet BACB® Requirements for Supervision
   a. Completion of BACB® Modules on Experience Standards
   b. Completion of Competency-Based Post-Certification Supervision Workshop
   c. Obtain 3 hours of Continuing Education related to Supervision during each certification cycle

4. FBA and BIP adhere to the dimensions of ABA
   a. Please see sample rubric used to review FBA/BIP (page 58)

3. **Internship Site Applicants** - We will provide details of the review and decision only to the Clinical/Executive Director of the internship site and we will keep information regarding the approval/denial of your application confidential. However, if you are approved, we will post your application on our CSUN MS-ABA Practica Course Website to provide MS-ABA students with information regarding approved internship sites each year. Therefore, we advise community partners to not prematurely tell prospective or incoming MS-ABA students about their application submission to protect the review process and confidentiality of the outcome of the review.
   i. To be approved as Option II, you may request that your site supervisors, who are eligible to supervise experience hours of MS-ABA students, submit site supervisor applications for MS-ABA Committee review. We advise that this process be optional for your supervisors as it is an exhaustive review and not intended for any purpose other than selection of CSUN in-field supervisors. If you are seeking to become an Option II practica provider, please see the information below regarding site supervisor reviews.

4. **Site Supervisor Applicants** - We will provide details of the review and decision only to you, the site supervisor, using the contact information you provided in your site supervisor application. If you are approved as a site supervisor, we will notify you of the MS-ABA review committee’s decision and it will be your responsibility to notify the Clinical/Executive Director of the site for which you work. The MS-ABA site supervisor review process should not be used beyond the scope of the MS-ABA Internship Program.
   i. We will also ask you to disclose the information indicated on the Consent to List Names & Credentials (see page 64)
5. MS-ABA Review Committee is released of any liability for the feedback and review conducted of your internship site and/or site supervisor application. Reviews are conducted for the purpose of the MS-ABA Internship Program alone.

6. There is no appeal process for internship site and/or site supervisor applications. We provide feedback and revisal information as we deem appropriate for those internship sites and/or site supervisors we determine.
   a. If a revision is requested of an internship site and/or site supervisor application, it is expected that the revisions will be sent in full. If resubmitted applications are sent back incomplete and/or do not fully address the changes requested within 60 days of receipt of feedback, we reserve the right to not review these items.

7. **Renewal process for Approved Internship Site and Site Supervisor** – We review internship sites and site supervisors on a yearly basis. We look at Intern and Practicum Supervisors’ evaluations of site supervisors, review site applications and determine if they have adhered to their applications, if internship sites are being selected by students, and if site supervisors are available to provide supervision. A letter from the MS-ABA review committee will be sent to each approved internship site and site supervisor with information about their renewal status.

MS-ABA Site Supervisor Agreement

*Please read the following statements carefully and sign at the bottom of the page:

A. I hereby certify that the statements contained in this completed MS-ABA Site Supervisor Application Form & Contract are true and correct. I agree and understand that any misrepresentation or omission of any material facts on my part may be cause for removal of my application and/or can initiate immediate review by the MS-ABA Academic Director or the CSUN Practicum Supervisor. This can include contacting former employers, clinical internship/practicum sites, and/or reviewing graduate school records, etc.

B. I hereby give permission to the CSUN MS-ABA Program, the MS-ABA Academic Director, and the CSUN Practicum Supervisor to verify any and all information contained within this application.

C. I agree to supervise according to high ethical, legal, and professional standards as outlined by the BACB® and to work with my intern(s) toward professional growth and competence.

D. I agree to seek consultation/support on best practices in supervision and on topics/issues outside of my scope of expertise.

E. I agree to allow the CSUN Practicum Supervisor to shadow me when supervising CSUN interns or to probe some supervision meetings. Such sessions and probes would be discussed with the Site Supervisor and be determined on a case-by-case basis.

F. I agree that as a Site Supervisor, I, and not the CSUN Practicum Supervisor, am solely responsible for the assessment, recommendations, and treatment provided to the site’s consumers. The CSUN Practicum Supervisor does not serve as a clinical consultant and is not liable for any suggestions, feedback, or recommendations provided to interns and site supervisor. It is ultimately my responsibility to approve and monitor any services provided to the approved site’s consumers.

G. I understand that the Internship Site agrees that the CSUN Practicum Supervisor’s main role is to monitor the quality of supervision offered to CSUN interns. Should the CSUN Practicum Supervisor determine that the intern is not meeting the desired competencies (reasons related to the site, the site supervisor, or the intern); the CSUN Practicum Supervisor will meet with the site supervisor and the agency contact person to resolve the determined barriers. If the barriers cannot be resolved, the CSUN MS-ABA Program holds the right to terminate the students’ internship or place the intern at a different approved site.

H. I recognize that the CSUN Practicum Supervisor will meet a group of interns (i.e., 8–9 interns) once every 2 weeks for 2 hours to discuss ethics and professionalism, data collection, data interpretation, case formulations, evidence-based interventions, and other case consultations. Interns may present cases under my supervision for consultation and review during these meetings.

I. I agree to take the supervision time seriously, be on time, and be prepared to address questions/concerns that arise during the supervision process. I agree to be available to address crises related consumers served by the interns under my supervision during non-supervisory times.
J. I agree to supervise 10% of the experience hours of the intern per BACB® requirements (e.g., intern working 15 hours a week would be provided with supervision for 1.5 hours a week.)

K. I agree that at least 50% of the interns hours will be indirect and 50% direct as per the BACB® requirement.

L. I recognize that my supervision will consist of weekly direct in-field supervision, which includes in-field observations, modeling, and offering feedback.

M. I agree to conduct any/all Internship Site-related training, modeling of assessment and procedures, and observation of my intern’s first attempts at any behavioral work. I agree to guide my intern’s work with direct verbal and written feedback and to submit a brief monthly and final evaluation of his/her performance. I agree to discuss any concerns about the intern’s performance with the intern directly, and with the MS-ABA Academic Director and CSUN Practicum Supervisor when necessary.

N. I acknowledge that my intern(s) will be asked to rate their satisfaction with supervision by completing an evaluation form and results from such evaluations will be shared with other interns that I will supervise.

O. I agree to adhere to CSUN’s competency-based structured supervision model by using the supervision folder which includes conducting in-vivo performance assessment and providing feedback based on performance assessment results.

P. I agree to comply with all documentation and correspondence/external communication requirements (specified by BACB®), including documenting supervision and signing off on clinical records and external correspondences.

Q. I shall fulfill the responsibilities of the supervision role and be in compliance with all policies and procedures as outlined in the Site Supervisor Application Form.

R. If our students report that they are not receiving supervision experience according to their Supervision Contract, BACB® standards, and/or the CSUN MS-ABA Practica Handbook, CSUN reserves the right to contact you for more information, seek a resolution and recommend placement at a different site if a resolution cannot be reached.

S. If the situation arises and I need to terminate the internship before fulfilling my supervision commitment, I shall terminate in an appropriate, professional manner as designated by the school and assigned Internship Site, and provide written and verbal notice to CSUN and the Internship Site (e.g., provide at least 30 days’ notice).

T. I understand that approval of the Internship Site does not result in automatic approval of the Site Supervisor, and both the Internship Site AND the Site Supervisor working at the Internship Site need to be approved BEFORE a CSUN student can schedule an interview. If the Site Supervisor leaves the Internship Site, the Internship Site can continue to be approved; however, the Site Supervisor will need to submit another application before supervising CSUN students at their new site as well as inquire if the site is approved by CSUN.

U. I agree to provide, to my site, if I am approved as a supervisor after hearing from the MS-ABA Review Committee.
V. Site Supervisor acknowledges that this Agreement shall be effective as of the date first written below and shall remain in effect for 1 academic year. This Agreement may be renewed by mutual agreement. This Agreement may be terminated at any time by written agreement or upon 30 days advance written notice by one party to the other, PROVIDED, HOWEVER, that in no event shall termination take effect with respect to currently enrolled students, who shall be permitted to complete their training for any semester in which termination would otherwise occur.

W. I understand that the MS-ABA Review Committee is released of any liability for the feedback and review conducted of my supervisor application. Their reviews are conducted for the purpose of the MS-ABA Internship Program alone and should not be used beyond the scope of the MS-ABA Internship Program.

X. I consent to my name, credentials, area(s) of expertise, and geographical location (or specific site) to appear on the CSUN MS-ABA Practica Course Website, as an “Option II CSUN Approved Supervisor” if I am approved.

Y. I read and agree with the “Internship Learning Plan” (page 8 of this document).

I have reviewed and I agree with all of the above statements.

MS-ABA Internship Site Agreement

Please read the following statements carefully and sign at the bottom of the page:

A. Internship Site certifies that the statements contained in this completed MS-ABA Internship Site Application & Contract are true and correct. I agree and understand that any misrepresentation or omission of any material facts on my part can initiate immediate review and possible rejection of my application by the MS-ABA Academic Director.

1. I hereby give permission to the CSUN MS-ABA Program, the MS-ABA Academic Director, and the CSUN Practicum Supervisor to verify any and all information contained within this application.

B. The Internship Site agrees to provide the intern with an explicit written agreement outlining the following before onset of the internship. The purpose of the written contract is to protect all involved parties and align experience activities with the purpose of supervision.

1) Clearly stipulate what the supervisor and supervisee relationship will entail

2) Include a description of the activities and instructional objectives (we expect all of our interns to use the CSUN Structured Supervision Folder and meet the practica competencies)

3) Include a description of the nature of supervision (e.g., direct observations of performance in-field, review of written material, case meetings to discuss case conceptualization)

4) Specify expectations of the supervisee

5) Specify how the direct/indirect supervised experience hours (see www.bacb.com) will be provided

6) Include objective and measurable circumstances under which the supervisor will sign the supervisee’s Experience Verification form when the experience has ended

7) Delineate the consequences should either party not adhere to their responsibilities (including appropriate methods to terminate the relationship)

C. Internship Site agrees that as interns, students shall be considered members of Internship Site’s “workforce,” as that term is defined by the HIPAA regulations at 45 C.F.R. § 160.103, and shall be subject to Internship Site’s policies respecting confidentiality of medical information. In order to ensure that students comply with such policies, Internship Site shall provide students with the same training that is provided to regular employees.

D. Internship Site agrees, for Practica Option II, to allow the CSUN Practicum Supervisor to shadow the Site Supervisor at the Site when supervising CSUN interns or probe some supervision meetings. Such sessions and probes would be discussed with the Site Supervisor and be determined on a case-by-case basis.

E. Internship Site agrees that, for Practica Option II, the CSUN Supervisor determine that the intern is not meeting the desired competencies (reasons related to the site, the site supervisor, or the
intern); the CSUN Practicum Supervisor will meet with the site supervisor and the agency contact person to resolve the determined barriers. If the barriers cannot be resolved, CSUN MS-ABA program holds the right to terminate the students’ internship or place the intern at a different approved site.

F. Internship Site agrees that for Practica Option III, the CSUN Practicum Supervisor’s main role is to provide supplemental supervision to CSUN interns. During Practica meetings the interns may be asked to discuss current caseloads, intervention plans, and other related activities for practical discussions. During these discussions interns will respect internship site, supervisor, and client privacy by de-identifying the case information.

G. Internship Site agrees that Site Supervisor, and not the CSUN Practicum Supervisor, is solely responsible for the assessment, recommendations, and treatment provided to the site’s consumers. For Practica Options II & III, the CSUN Practicum Supervisor does not serve as a clinical consultant and is not liable for any suggestions, feedback, or recommendations provided to interns and site supervisor. It is ultimately the site supervisor’s responsibility to approve and monitor any services provided to the approved site’s consumers.

H. Internship Site must inform students of the need for a background check, fingerprinting and/or a tuberculosis test; obtain the student’s background check, fingerprints, and/or tuberculosis test; and maintain the confidentiality of any results as required by federal and state law.

I. Internship Site must provide student with a written description of the student’s tasks and responsibilities.

J. Internship Site understands that, for Practica Option II, approval of the Internship Site does not result in automatic approval of the Site Supervisor, and both the Internship Site AND the Site Supervisor working at the Internship Site must be approved BEFORE a CSUN student can schedule an internship interview. If the Site Supervisor leaves the Internship Site, the Internship Site can continue to be a CSUN approved site and have another qualified supervisor submit an “MS-ABA Site Supervisor Application & Agreement” form to be reviewed by the MS-ABA review committee.

K. Internship Site acknowledges that the Site cannot advertise itself as a CSUN-approved Site without the active approval of both the Site and Site Supervisor for Option II and Site approval for Option III. There is specific terminology to be used. CSUN will provide this terminology on approval letters to the internship site.

L. Internship Site understands that they have the right to interview and accept CSUN students enrolled in a University-Based Practicum deemed appropriate for their site.

M. Internship Site agrees that a contact person must be available to CSUN students and will answer all inquiries within 24-hours. Please provide this information to MS-ABA program coordinator if different than designee on application.

N. Internship Site understands that CSUN students will be asked to evaluate their supervision experience at the Internship Site and that this information will be available to all CSUN interns.

O. Internship Site acknowledges that they must notify the MS-ABA Academic Director and CSUN Practicum Supervisor (within 30 days) of any changes to the Internship Site which may affect the
CSUN student internship. For example, change in contact, change in policy for accruing hours, change from Option II to Option III, etc.

P. Internship Site acknowledges that this Agreement shall be effective as of the date first written below and shall remain in effect for 1 academic year. This Agreement may be renewed by mutual agreement. This Agreement may be terminated at any time by written agreement or upon 30 days advance written notice by one party to the other, PROVIDED, HOWEVER, that in no event shall termination take effect with respect to currently enrolled students, who shall be permitted to complete their training for any semester in which termination would otherwise occur.

Q. The Internship Site agrees that if the student intern reports, during practicum supervision meetings, that their contract is not being fulfilled, MS-ABA will contact the Internship Site contact person and work with them and the supervisee to address the problem. However, if no resolution can be reached, MS-ABA reserves the right to refer the student to another internship site to accrue their supervised experience hours.

R. This written agreement may not be altered unless both parties agree in writing. The parties agree to follow all applicable federal, state, and local laws and regulations, including but not limited to laws prohibiting discrimination and harassment.

S. The parties expressly understand and agree that MS-ABA student interns provide clinical services for educational purposes, and such students are not considered employees of the university or of the Internship Site for any purpose, including, but not limited to, compensation for services, welfare and pension benefits, or workers’ compensation insurance. Students are considered members of Internship Site’s “internship program” for purposes of HIPAA compliance.

T. Internship Site read and agrees with the “Internship Learning Plan” (page 8 of the CSUN Handbook).

U. Internship Site agrees to adhere to the BACB® Experience and Supervision Standards. For the most recent changes please go to http://www.bacb.com/index.php?page=100872

V. Although we do not formally review or approve the site supervisors for Option III, it is expected that the internship site has BCBAs, in good standing, which meet the BACB® requirements and have agreed to supervise CSUN interns. As of December 31, 2014, all potential supervisors will need to,
   1) Have passed an 8-hr-post certification, competency-based, BACB® approved supervision workshop
   2) Have completed the training module on BACB® experience standards
   3) Obtain 3 hours of continuing education related to supervision during each certification cycle

W. I understand that the MS-ABA Review Committee is released of any liability for the feedback and review conducted of the site application. Their reviews are conducted for the purpose of the MS-ABA Internship Program alone and should not be used beyond the scope of the MS-ABA Internship Program.
X. I consent to my company name being disclosed to CSUN students as a CSUN Practica approved site.

I have reviewed and I agree with all of the above statements.

Ethical Competency-Based Supervision of Emerging Behavior Analysts
A Two-Day Workshop for CSUN-Approved Supervisors
CSUN University-Based Practica

This two-day workshop is appropriate for experienced BCBAs involved in the supervision of individuals accruing supervised experience hours to become eligible to sit for the BCBA Exam. *This workshop is based on the BACB® Supervisor Training Curriculum Outline but is offered independent of the BACB®.*

**Continued Education Credits**
Board Certified Behavior Analysts: CSUN College of Social & Behavioral Sciences is a BACB® Approved Continuing Education (ACE) provider with Dr. Kazemi as the ACE instructor. Attendees of this workshop will accrue 10 CE credits [Type 2]; we will not issue partial credit. Attendees must attend both days to receive certificate of completion of CE credits.

**Workshop Format**
The format of the workshop will include presentation on the *purpose of the supervision, outcomes of effective and ineffective supervision, rationale for and the use of structured supervision folder, and research-evidence for effective supervision.* There will be group exercises in developing and using contractual agreements, setting and evaluating performance expectations, behavior skills training and providing performance feedback. The workshop will also include discussions of specific concerns shared by the attendees.

**Workshop Objectives:**
After the workshop, the participants will be able to:
- Explain the BACB® New Requirements
- Describe the BACB® Experience Standards
- Describe reasons for effective, evidence-based supervision
- Describe potential outcomes of ineffective supervision
- Describe important features of supervision
- Describe how to establish clear performance expectations for both the supervisor and supervisee
- Demonstrate how to develop contractual agreements for supervision
- Explain what is meant by competency-based supervision and training
- Describe the purpose of using performance checklists during supervision
- Develop and use performance checklists
- Explain how to assess initial skills of supervisee
- Set performance goals based on the results obtained from performance checklists
- Use performance checklists to give constructive feedback
- Describe effective methods to provide feedback
- Identify the common training procedures used in evidence-based effective training packages
- Identify key components of Behavior Skills Training (BST) and how they are used in training
- Describe methods to evaluate supervisory effectiveness
- Describe methods for ongoing professional development

Payment: The two-day 10-hr workshop is offered by the Applied Behavior Analysis (MS-ABA) Graduate Program for free to candidates approved as site supervisors for CSUN Practica Option I. However, donations to the MS-ABA program are much appreciated and needed! Checks can be made to CSUN Foundation in the suggested amount of $500 for the structured supervision folder, both days of continued education workshops and materials, and on-going individualized support from a doctoral level BCBA. Funds will be used for advancement of emerging behavior analysts by covering costs such as student tuition, conference travel, and research expenses. Contributions are tax deductible as permitted by law. Donations can be sent to BCP Program directly at Department of Psychology (376 Sierra Hall) 18111 Nordhoff St, California State University, Northridge 91330-8255 or to the College of Social and Behavioral Sciences at 18111 Nordhoff St, California State University, Northridge 91330-8255. Please write “BCP” in the notes line on the check.
ORIENTATION CONFIRMATION**

This form is to be completed as soon as possible once the student has participated in an internship orientation. This is a confidential internal document and should not be given to unauthorized persons. The MS-ABA Internship Coordinator will process, follow-up, and maintain this document in the student’s file.

The internship student should check these items as confirmation that the department has discussed these issues with the student and that the student understands and accepts the general risks and expectations associated with internship participation.

□ Know that you (the intern) can contact the Internship Coordinator whenever you need help.
□ The student intern is responsible for transportation to and from the internship site and should carry automobile liability insurance as required by state law.
□ If you take public transportation, select the safest route to the Internship Site.
□ If driving your personal car, be sure to park close to the site in a safe, well-lighted area.
□ In case of a breakdown or a mix up with transportation, carry enough money for an alternate ride home.
□ Familiarize yourself with people, places and things in the area that can be of assistance in times of emergency (i.e. know the location of phones, 24-hour stores, police station, etc.).
□ Abide by any other terms of employment and regulations required by the Internship Site.
□ Make sure you know how to exit the Internship Site in case of an emergency.
□ Keep all information about clients you work with confidential.
□ Know that you can request an alternative site if you are not comfortable with your current site.
□ You should not report to the Internship Site while under the influence of alcohol or drugs.
□ You should not give or loan a client money or other personal belongings.
□ You should not give a client or site representative a ride in a personal vehicle.
□ Do not tolerate verbal exchange of a sexual nature or engage in behavior that might be perceived as sexual with a client or site representative.
□ Do not tolerate verbal exchange or engage in behavior that might be perceived as discriminating against an individual on the basis of his/her age, race, gender, sexual orientation, ability, or ethnicity.
□ Avoid any type of business arrangement with clients during your internship period.
□ Avoid any personal relationships with a client or site representative during the internship.
□ You are reminded that your own personal choices in any situation can affect your safety and well-being, and you are responsible for those choices.
□ Use common sense and conduct yourself in a professional manner at all times. Every Internship Site has its own rules, policies, procedures, protocol and expectations, for which you are responsible. Familiarize yourself with the workings of the Internship Site.

I have discussed the above items with my Site Supervisor and understand the risks associated with my internship.

SAMPLE

CONTRACT BETWEEN SUPERVISEE & SUPERVISOR
EXPERIENCE AS BEHAVIOR ANALYST

This agreement defines a relationship of supervision between
__________________________ and _____________________________
(name of supervisee) (name of supervisor)

Category of Supervised Experience: ____________________________

Amount of Supervised Experience Required: ____________________________

Amount of Supervision Required: ____________________________

Supervisor’s Qualifications (see below): ____________________________

Site(s) of Supervision: ____________________________

Nature of the Contract:
This contract is to establish a supervisor-supervisee relationship between the parties named above. Should either party not adhere to their responsibilities, this contract may be terminated by either party upon written notice, immediately.

Standards of Conduct:
Both parties attest to adhere to the BACB® Guidelines for Responsible Conduct. The supervisor is to be considered the client of the applicant. Parties should pay particular attention to Sections 1 (Responsible Conduct of a Behavior Analyst), 2 (The Behavior Analyst’s Responsibility to Clients), and 3 (Assessing Behavior) of the Guidelines set by BACB®.

Onset of Experience (from www.bacb.com):
Supervisee may not start accumulating experience until they have begun the coursework required to meet the BACB® coursework requirements. The supervisee will provide proof of coursework upon the written request of the supervisor. Additionally, the supervisee must complete a registration process with the BACB® in which they must pass an online, competency-based training module on BACB® experience standards before beginning coursework to accumulate experience.

Appropriate Activities (from www.bacb.com):
The supervisee’s primary focus should be on learning new behavior analytic skills related to the BACB® Fourth Edition Task List. Activities must adhere to the dimensions of applied behavior analysis identified by Baer, Wolf, and Risley (1968) in the article Some Current Dimensions of Applied Behavior Analysis published in the Journal of Applied Behavior Analysis. Supervisees are encouraged to have experiences in multiple sites and with multiple supervisors.

Appropriate experience activities include:
1. Direct implementation of behavior programs may not count for more than 50% (BACB® will monitor and audit)

2. Supervisees are strongly encouraged to have multiple experiences (e.g., sites, populations) and multiple supervisors

3. Conducting assessment activities related to the need for behavioral interventions (e.g., Functional Behavior Assessments, preference assessments)

4. Designing, implementing, and monitoring behavior analysis programs for clients

5. Overseeing the implementation of behavior analysis programs by others

6. Training and managing others

7. Other activities normally performed by a behavior analyst that are directly related to behavior analysis such as case consultation, attending planning meetings regarding the behavior analysis program, researching the literature related to the program, talking to individuals about the program; plus any additional activities related to oversight of behavioral programming such as behavior analyst supervision issues, or evaluation of behavior analysts' performance. The supervisor will determine if activities qualify.

Examples of activities that are not appropriate as experience activities include: attending meetings with little or no behavior analytic content, providing interventions that are not based in behavior analysis, doing non-behavior analytic administrative activities, or any other activities that are not directly related to behavior analysis.

Temporal Distribution of Experience
Supervisees may accrue no fewer than 10 hours, no more than 30 hours, each week. Start-date and end-date of supervision may not be more than 5 years apart (effective as of December 31, 2014; see www.bacb.com).

Appropriate Clients (from www.bacb.com):
Clients may be any persons for whom behavior analysis services are appropriate. However, the applicant may not be related to the client or the client’s primary caretaker. Applicants must work with multiple clients during the experience period.

Supervisor Qualifications (from www.bacb.com):
During the experience period, the supervisor must be:

A Board Certified Behavior Analyst in good standing and the supervisor may not be the applicant’s relative, subordinate or employee during the experience period. The supervisor will not be considered an employee of the applicant if the only compensation received by the supervisor from the applicant consists of payment for supervision.
New BACB® Requirements as of December 31, 2014 require that BCBAs supervising individuals pursuing certification must:

a) Complete a post-certification, competency-based training program on supervision (i.e., minimum of 8-hr supervision training) AND
b) Pass an online, competency-based training module on BACB® experience standards (at www.bacb.com; scheduled for release September 30, 2013) AND
c) Obtain 3 hours of CE in supervision each certification cycle

Nature of Supervision (from www.bacb.com):
The supervisor must observe the applicant engaging in behavior analytic activities in the natural environment at least once every two weeks. The supervisor must provide specific feedback to applicants on their performance. During the initial half of the total experience hours, observation should concentrate on applicant-client interactions. This observation may be conducted via web-cameras, videotape, videoconferencing, or similar means in lieu of the supervisor being physically present. Supervision may be conducted in small groups of 10 or fewer participants for no more than half of the total supervised hours in each supervisory period. The remainder of the total supervision hours in each supervisory period must consist of direct one-to-one contact. Supervision hours may be counted toward the total number of experience hours required.

Acceptable activities include
– Development of performance expectations
– Observations, BST, and delivery of PF
– Modeling technical, professional, & ethical behavior
– Guiding behavioral case conceptualization repertoires
– Review of written materials
– Oversight and evaluation of the effects of behavioral service delivery
– Ongoing evaluation of the effects of supervision

Acceptable structure
– Supervisor must observe and provide feedback to supervisee on behavior-analytic activities with a client in natural environment during each supervisory period
– Supervision may be conducted in small groups for half of the total supervised hours.
  • Small groups 2-10 supervisees
  • If non-supervisees are present, their participation should be limited

Documentation of Supervision (from www.bacb.com):
Supervisors are responsible for providing documentation for each supervisory period on a feedback form provided by the BACB®. The feedback form will require documentation of number of hours of experience, number of supervised hours, feedback on the applicant’s performance, the supervisor for each supervisory period, and signatures of the applicant and supervisor. The supervisor must review the completed feedback forms with the applicant and provide a copy for the applicant each supervisory period. The supervisor and the applicant are responsible for retaining their copies of the forms (in the event of a disagreement regarding experience, the BACB® will need documentation from each party). The BACB® reserves the right to request this documentation at any time following an individual’s application to take the certification exam. In addition, the supervisor will be required to verify the applicant’s supervision on the Experience Verification Form that is provided within the application for examination.
I have read the above and agree to the provisions set forth in this contract.

Below, please see the general guide we developed for writing FBAs. We recognize the formatting of FBAs may differ based on the requirements of third party payees. We also recognize that assessments and interventions will differ based on the referral problem. However, we expect the assessment procedures, interpretations, and intervention recommendations to meet BACB® Guidelines for Responsible Conduct for Behavior Analysts (e.g., 1.01. Reliance on Scientific Knowledge, 2.10. Treatment Efficacy, etc.).

• Include all problem behaviors documented in school records with appropriate references
  o Example: according to IEP dated 11/14/2011 John exhibited aggressive behaviors towards peers and adults.
• Discipline history
  o Office Discipline Referrals (ODR)
  o Suspensions or expulsions
• Include a graph, if there is available data, to visually show the occurrence of problem behaviors over time.
  e. Brief discussion on current achievement history to document impact of behavior on access to academic curriculum:
     a. Report card information (if available)
     b. Current work samples and classroom test performance (if available)

### Intervention History

#### Summary of Indirect Assessments

- Includes information about the methods used to obtain indirect assessment information:
  - If records are available
    - Record review and interviews with parents and or teacher(s) must be included as methods in this section
    - Use of a structured interview and/or rating scales (e.g., FAI, FAST, MAS, QABF) or unstructured interview (provide a sample of questions)
    - Relevant dates of interviews included

- The table for identification of the problem behaviors must include:
  a. Behavior (general description is ok)
  b. Occurrence (could have a range)
  c. Duration
  d. Severity

- Possible response class hierarchy is described if the indirect assessment results show that the parents or the teachers observe sequence of behaviors ranging from less severe to more severe.

- Appropriate behaviors
  a. Appropriate behaviors in the child’s repertoire (including any basic verbal operant, adaptive and social skills) are clearly described

- Immediate Antecedents

- The table for identifying possible antecedents must include:
  a. Behavior (from indirect assessment)
  b. Immediate antecedents (from indirect assessment)

- Possible Maintaining Consequences

- The table for identifying possible consequences must include:
  a. Behavior (from indirect assessment)
  b. Consequences (from indirect assessment)

- Setting Events Effecting Problem Behavior
  a. The setting events are described using language that is not technical

- Setting Events Effecting Problem Behavior
  a. If specific setting events are identified the report should address the following for each setting event:
     I. List the setting events identified and possible factors that could have evocative effect on the behavior
     II. The possible relationship between the setting event and the target behavior is addressed (e.g. poor sleep: On days when John gets less than 8 hours of sleep, the frequency and duration of tantrums have been reported to increase)

- Summary of Indirect Assessments and Hypothesized Predictor(s) (setting events and immediate antecedents) and potential function(s) of problem behavior(s) table must include for each target behavior:
  a. Setting events related to each target behavior
  b. Immediate antecedents that could evoke the target behavior
  c. Possible function(s) (from indirect assessments)

### DIRECT ASSESSMENT
The table describing direct observation session must include:
   a. The observer
   b. The dates and times of each observation session

Operational Definition of Target Behaviors
   a. Definition is objective, clear, and discriminates between what is and what is not an instance of Target Behavior
   b. Definitions are observable and measurable. Definitions are situation specific and individualized
      I. Target behaviors are defined topographically or functionally

Baseline Data for Target behaviors
   a. Average level is reported
   b. References to graphs included
   c. Graphs are present and axes are correctly labeled (based on data collection method)
   d. Data is correctly plotted

DESCRIPTIVE ASSESSMENT (DA)
   • Description of DA method (e.g., ABC data, event recording) is technological
   • Results
      a. Data is summarized using an appropriate measure (e.g., conditional probabilities for ABC data)
      b. Graphs of results are included and correctly labeled
   • Summary
      a. Summary statements are relevant to the Indirect Assessment and the data collected in the DA
      b. Hypotheses about function are tentative

FUNCTIONAL ANALYSIS (FA)
The procedures for FA are technological
   a. You can act out the procedure without having any questions about how to do it
   b. Procedure includes a reference to an article that was used as a reference for the assessment
If parametric analysis is used the procedure is technological
   a. You can act out the procedure without having any questions about how to do it
   b. The materials used during the analysis are clearly described
   c. Procedure includes a reference to an article that was used as a reference for the assessment

For severe problem behaviors (e.g. self-injury, elopement, aggression) the FA procedure describes how the child’s safety was addressed. Also, the assessor lists that consent was obtained and by whom.

Results of Functional Analysis (see task analysis for sample)
   • For each Target behavior:
      a. Reference to the graph is made
      b. Function is stated and matches the results shown on the graph
      c. Antecedent evoking the TB is stated (antecedent manipulated during the FA)

FA graph
   a. All axis are correctly labeled
   b. Data is correctly plotted
   c. All graphing requirements (see Cooper) are met (e.g. black data points, conditions are labeled…)

SUMMARY of FUNCTIONAL BEHAVIOR ASSESSMENT
Summary has three separate paragraphs
First paragraph includes the following:
   a. Referral question
   b. School of attendance, grade and class
   c. Eligibility of special education and current services
   d. Current academic performance
   e. Previous and current interventions and their effectiveness
   f. Medical history
Second paragraph includes the following:
   a. Reported setting events match the setting events included in the report.
   b. Reported Baseline data matches the baseline data included in the report.
Third paragraph includes the following:
For each behavior
   a. Antecedents that have most control over the behavior
   b. Consequence that maintains the behavior

RECOMMENDATION

Recommended antecedent interventions are evidence-based

Recommendations for antecedent interventions do not need to be technological but have to meet the following criteria:
   a. For each setting event there is an antecedent intervention that addresses the setting event
   b. For each problem behavior there is a recommended antecedent intervention
   c. All antecedent interventions include specific details (does not have to be technological) that will help in development of the intervention plans.
      i. Procedure for initial implementation
      ii. Use of prompts (if needed)
      iii. How to fade in and out the antecedent stimulus (criteria for fading)

Recommended Consequence interventions are evidence-based

Consequence based interventions do not need to be technological but have to meet the following criteria:
   a. For each problem behavior there is a recommend function based consequence based intervention
   b. Least intrusive interventions is recommended
   c. If recommending punishment strategies (time out or response cost)
      I. There is a statement as to why the assessor recommends a more restrictive intervention (e.g., research evidence that the intervention is most effective with the presenting problem or evidence that evidence-based less restrictive interventions were used but were ineffective)
      II. Punishment procedures are combined with reinforcement procedures (i.e., research based interventions that combined punishment strategies with reinforcement procedures).
   d. All consequence based interventions must include specific details that will help in development of the intervention plans.
      I. The initial schedule of reinforcement (based on the baseline data)
      II. Specific items or actions to be used as possible reinforcers (from preference assessment)
      III. Use of prompts
      IV. When to thin the schedule of reinforcement

Data collections and analysis
   a. How often data should be collected
   b. Data collection forms (include sample in the Appendix)
   c. Person responsible for data entry and analysis
   d. Clear criterion for review of effectiveness of the plan is set
